

# Pierre et Lumière

*The Loire Valley sculpted in the tuffeau stone*

- ▶ One of a kind, Pierre et Lumière is an underground route where you can admire **impressive sculptures** representing the monuments and heritage of the Loire Valley. Several hundred tonnes of stone were cut and then chiseled down to the smallest details.
- ▶ **Almost 3 years** of work were necessary to achieve the sumptuous sculptures of castles, cities, villages and churches in our region, often made in low relief on the rock.
- ▶ A subtle light show reveals **the beauty of the volumes** and details. The lighting evolves, turns, changes color to sublimate each facet of the works.
